                                                                                                                                                                                                                                                                               08R2
                                                                                                                                                                                                                                                                                                                                     22
                                                                                                                                                                   QA?
                                  Roll Number
                                       3BR23CD042
                           SPACE COUNTER BARRAGE DESCRIPTION OF THE PROPERTY OF THE PROPE
                       EXPERIMENT
Title
 3CD0A7
                                  Description
                                         You have been given the task of making the content on a social media platform more user-friendly. Your task is to find and return an integer value
                                         representing the count of the number of spaces in a given string S.
                                         Input:
                                         A string S
,8R23CDC
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      JAN 3BRN
                                         Output:
                                         Return an integer value representing the count of the number of spaces in a given string S.
  3000423
                                         Example:
                                         Input:
                                         Hello World Hey
                                         Output:
                                         2
BRASCOE
                                                                                                                                                                                                                                                                                                                                                                                                                                                  CDOAR
                                 Source Code:
                                           def count_spaces(S):
                                                           return S.count(' ')
  3CD0A2
                                          # Example usage
                                                 =input()
                                          space_count = count_spaces(S)
                                         print(space_count)
